Weekly Newsletter

Dear Parents,

This week Lilac class have been making a conscious effort to improve their handwriting. Our class target is to be able to join fluently and improve our presentation in all books. This is something we will be working on during the next half term. This week in English the children have been evaluating our class text. We have discussed our favourite parts of the poem and how they made us feel as a reader. In Maths, the children have really enjoyed learning how to add and subtract fractions using a written method and a bar model to show their answers. I have been very impressed with their enthusiasm this week.

Homework- In addition to their weekly homework, and spellings, please could you ensure your child is practicing their curriculum spellings also (10 minutes per night). These can be found at the back of your child's homework book. The words that are not highlighted are the ones that they need to be practicing. The children will be tested on these every half term.
