Weekly Newsletter

Dear Parents,

This week Lilac class have been writing their own character descriptions for Rhodopis. They have also been using expanded noun phrases to describe Rhodopis' slippers. In maths the children have been working really well to subtract fractions from whole amounts. I have been very impressed with their efforts over the last few weeks in maths as they have been learning lots of different methods for calculating fractions and they are really starting to get the hang of them e.g. equivalent fractions, finding fractions of amounts, simplifying fractions, converting fractions into mixed number fractions, adding and subtracting fractions with like and unlike denominators and subtracting fractions from whole amounts. Keep up the great work Lilac class.

Homework

We have now changed homework back to a **FRIDAY**. Children will be given their homework on a Friday and will need to return their homework completed the following **WEDNESDAY**. Apologies for the mix up. Spelling test will now be on a **WEDNESDAY** also. If children are unsure of their homework and need further help they can see me at break times and I will happily go through it with them again.

Class Website
