

# RED CLASS Weekly Newsletter

Red Class  
St Anne's Royton

Summer Term 2  
Week 2  
14th June 2019

Dear Parents,

### **This week we have been learning:**

The children really enjoyed meeting all of the different creatures during our Zoolab experience last week. This week we have been learning about where the different creatures live and learning some interesting animal facts. Children have written some excellent animal fact sheets and I am very proud of the progress they have all made.

Next Friday we will be celebrating our love of books. Children are asked to come dressed as their favourite book character, please can you also bring in the book which features that character and a £1 donation. (please clearly label with your child's name).

For further information, please see the email which was sent via parent mail.

### **Homework (handed out on a Friday and due in the following Wednesday)**

**Literacy** – Some words we have learnt this week that children have found interesting are; camouflage, transparent, herbivore, carnivore, omnivore – please can you spend time talking to your child about these words in relation to animals e.g. The flies wings are transparent. The frog can camouflage.

**Phonics** – Practise writing words with the **ee** phoneme. Such as see, meet, beep, deep etc. (Say the word to your child and ask them to sound talk and write the phonemes they can hear.

**Mathematics** – Throughout the year we have been learning about doubles and the children have learnt a doubles poem. Please can you spend time reciting doubles to 5 e.g. double 1 is 2. On Youtube there is a Double Rap song which is fun. If you and your child has access to the internet it may be something you watch and learn together.

**Talk Homework** – What do you find hard to understand? Who helps you to understand things you find confusing?

### **Physical development**

PE will be on a Thursday each week. Please ensure your child has the correct kit in school.

### **Class Website**

To see what we will be learning about in class this year and other information such as PE kits etc, please visit our school website <http://www.stannesroyton.oldham.sch.uk/> and navigate towards the Red Class tab. Weekly newsletters are also archived here. There is also a calendar of events on the website. If you do not have internet access or cannot use this website for any reason then please come and see me.

### **Next week we will be learning:**

Next week we will be looking at different habitats such as ocean, woodland, jungle, desert, arctic. We will explore and investigate which animals live in the different habitats and where in the world we might find these habitats. Children have shown an interest in the world and the different countries so we will be creating our own world map.

**If you have anything you need to speak to me about or any issues at all then please feel free to make an appointment with the office to come and see me any morning or night after school or give me a call at these times. Our door is always open so if you want to see the work your child has been doing then feel free to make an appointment to pop in.**

**Mrs Williams and Miss Ashton**
