Green Class
St Anne's Royton

Autumn Term 1
Week 2
20/09/2016

Dear Parents,

This week we have been learning:

In maths we have been learning how to count forwards and backwards, to and from twenty, we have also been practising reading the numbers as words and writing them as digits.

In English we have continued to read our class book, Izzy Gizmo, we have been trying to sequence the events of the book and recognise how Izzy might feel in certain parts. If you would like to know what the book is about there is a video of the book on YouTube https://www.youtube.com/watch?v=n5o_jShvHXM.

In R.E. we have been looking at what makes Jesus special? We have read one of the seven miracles, feeding of the 5000 and watched the video of it. We then had a discussion about what makes our children special, some did struggle with this, so maybe have a discussion at home to why they are special.

In Design and Technology we received a letter from Izzy Gizmo explaining that she needs our help in making a new set of wings, so we have looked at the structure of wing, what materials to use, as well as the design of the wings.

Homework (handed out on a Friday and due in the following Wednesday)

English: Can your child tell you about what the story Izzy Gizmo is about and question them to think about how she might have felt in certain parts?

Maths: Can you count twenty objects around your house?

Phonics/Spelling: look, say, cover, check, write spellings – blow, snow, flow, blow, know, bowl (we are still waiting for homework book so please can you do this on a piece of paper.)

Talk Homework: How do you make someone feel valued and cared for?

PE

PE will be on a **Wednesday** each week. Please ensure your child has the correct kit in school.

Class Website

To see what we will be learning about in class this year and other information such as PE kits etc, please visit our school website <http://www.stannesroyton.oldham.sch.uk/> and navigate towards the Green Class tab. Weekly newsletters are also archived here. There is also a calendar of events on the website. If you do not have internet access or cannot use this website for any reason then please come and see me.

Next week we will be learning:

Maths: We will be looking at one less as some children got confused and we will also be starting one – to – one correspondence (*one-to-one correspondence is a function between the elements of two sets, where each element of one set is paired with exactly one element of the other set*).

English: We are carrying on with sequencing the events of Izzy Gizmo and how she might feel. Once we have done that we will look at writing about something the children have experienced either during the summer or weekend – they will be aiming to sequence the event and say how they felt and why they felt this way.

Science: Everyday materials, we will be looking at what an object is and what the material is. This will link in with our D&T.

RE: Why was Jesus special?

PSHE: Zippy's friends.

Spellings: The sound we will be focusing on will be the igh sound.

If you have anything you need to speak to me about or any issues at all then please feel free to make an appointment with the office to come and see me any morning or night after school or give me a call at these times. Our door is always open so if you want to see the work your child has been doing then feel free to make an appointment to pop in.

Mr Cunningham, Mrs Slattery, Mrs Yaw and Mrs Russell
