Dear Parents,

This week we have been learning:

In English we have completed assessed pieces of writing all about our ideal weekend. In maths, we have continued our multiplication and division block. The Year 3 children have been multiplying and dividing by 3, 4 and 8, while the Year 4 children have been multiplying and dividing by 6, 7 and 9. In computing, we have continued our algorithms and programming unit. The children are really enjoying solving problems with programming bugs. In French, we have been recapping colours. In Science, the children have been learning all about living things.
